EDUCATION

Master of Computer Science, University of South Florida Expected 2024
Relevant Coursework: Data Structures, Algorithm Essentials, Object-Oriented Programming, C programming Essentials, and Computer Networking Essentials.

Bachelor of Science, University of South Florida 2017 - 2020
Major: Biomedical Science
GPA: 3.73

SKILLS

Technical Skills	Python, C, HTML5, React Js, Javascript, SCSS, CSS, Vue, API, Unity, UI/UX design Object-Oriented Programming
Soft Skills	Multitasking, Effective Communication, Feature Prioritization, Resource Management Product Design, Problem-solving, Presentation, A/B testing, Marketing, QA testing
Tools	VS Code, Visual Studio, Linux, Windows, MAC OS, REPLIT, GitHub, Figma, Postman

EXPERIENCE

Building Manager April 2023 - Present
University of South Florida *Tampa, FL*

- Coordinating management of the Marshall Student Center student staff, ensuring increased productivity by at least 5%.
- Maintaining a high level of communication with clients ensuring at least 90% deliverance on commitments.
- Supervising and improving building operations, by implementing streamlined solutions to workplace problems.

Product Manager Intern April 2022 - August 2022
Alloy Technologies *Lagos, NG*

- Oversaw the integration of an external payment technology solution by leading a cross-functional team that consisted of 4 engineers and a designer, this resulted in a 33.67% increase in the efficiency of payment checkouts.
- Designed and shared technical specification documents, to direct the engineering team in planning their efforts, this resulted in outputs being delivered 35% faster.

PROJECTS

Website Development Designed and developed a responsive portfolio website using self-taught concepts of HTML, CSS and Javascript. Utilized GitHub as a hosting platform, you can check out my website [here](#).

Ping Pong Game. Built a fully functional ping pong game using PyGame and Pygwidgets, hosted on REPLIT. Utilized knowledge of object-oriented programming to build the game using programming conventions. ([Try it here](#))

Simple Chat Program. Created a simple chat program using the concepts of socket programming. This program takes the port number of both the sending and the receiving partner, and the IP address of the receiving partner as arguments. This program allows a seamless exchange of messages between both partners.

LEADERSHIP

Pre-collegiate Initiative Chair April 2023 - Present
National Society of Black Engineers (NSBE)

- Managing the Pre-College Initiative (PCI) program at the USF NSBE chapter, fostering a robust culture of STEM exploration and engagement among K-12 students.
